

JETFIRE®

INDUSTRIAL PORTABLE HEATERS AND DRYERS
DIESEL/KEROSENE

DIRECT FIRED DIESEL/KEROSENE HEATER DC17

JETFIRE[®]

- Steel construction – tank and body
- Easy carrying handle
- Robust and reliable
- Inbuilt room thermostat
- Portable and easy to use
- In built safety features – temperature limit control, electrical system protection, flame out sensor
- Run time fuel gauge
- LED on/off switch with silicone cover

Model	DC17
Fuel Supply	Diesel/Kerosene
Heat Output	17kW
Pump Pressure	0.21 bar
Fuel Consumption	1.37 kg/h
Air Flow	357 m ³ /h
Electricity Supply	230V 1 phase 50Hz
Connected Load	140W
Minimum Room Volume	145m ³
Running Time (approx.)	11h
Fuel Tank Capacity	19L
Weight	12kg
Dimensions L x W x H	810 x 300 x 420mm

Manufactured in Korea to Spitwater Australia's specifications and quality standard.

Not suitable for domestic use and when in use, adequate fresh air ventilation must be provided. Actual products may differ slightly in appearance to images shown. The manufacturer reserves the right to modify design features and technical data without notice.

DIRECT FIRED DIESEL/KEROSENE HEATER DC30

JETFIRE[®]

- Steel construction – tank, body and trolley
- Robust and reliable
- Inbuilt room thermostat
- Portable and easy to use
- In built safety features – temperature limit control, electrical system protection, flame out sensor
- Run time fuel gauge
- LED on/off switch with silicone cover
- Solid wheels
- Digital diagnostic LED

Model	DC30
Fuel Supply	Diesel/Kerosene
Heat Output	30kW
Pump Pressure	0.28 bar
Fuel Consumption	2.40 kg/h
Air Flow	765 m ³ /h
Electricity Supply	230V 1 phase 50Hz
Connected Load	190W
Minimum Room Volume	250m ³
Running Time (approx.)	12.6h
Fuel Tank Capacity	38L
Weight	24kg
Dimensions L x W x H	918 x 547 x 625mm

Manufactured in Korea to Spitwater Australia's specifications and quality standard.

Not suitable for domestic use and when in use, adequate fresh air ventilation must be provided. Actual products may differ slightly in appearance to images shown. The manufacturer reserves the right to modify design features and technical data without notice.

DIRECT FIRED DIESEL/KEROSENE HEATER DC50

JETFIRE[®]

- Steel construction – tank, body and trolley
- Robust and reliable
- Inbuilt room thermostat
- Portable and easy to use
- In built safety features – temperature limit control, electrical system protection, flame out sensor
- Run time fuel gauge
- LED on/off switch with silicone cover
- Solid wheels
- Digital diagnostic LED

Model	DC50
Fuel Supply	Diesel/Kerosene
Heat Output	50kW
Pump Pressure	0.48 bar
Fuel Consumption	4.12 kg/h
Air Flow	1036 m ³ /h
Electricity Supply	230V 1 phase 50Hz
Connected Load	280W
Minimum Room Volume	420m ³
Running Time (approx.)	9.4h
Fuel Tank Capacity	49L
Weight	28kg
Dimensions L x W x H	1062 x 587 x 664mm

Manufactured in Korea to Spitwater Australia's specifications and quality standard.

Not suitable for domestic use and when in use, adequate fresh air ventilation must be provided. Actual products may differ slightly in appearance to images shown. The manufacturer reserves the right to modify design features and technical data without notice.

INFRARED DIESEL/KEROSENE HEATER DI16

JETFIRE®

- Radiant heat
- Steel body
- Heavy duty industrial plastic tank
- Robust and reliable
- Inbuilt room thermostat
- Portable and easy to use
- In built safety features – temperature limit control, electrical system protection, flame out sensor, automatic shut off device
- Run time fuel gauge
- LED on/off switch with silicone cover
- Auto cooling

Model	DI16
Fuel Supply	Diesel/Kerosene
Heat Output	16.5kW
Pump Pressure	8.83 bar
Fuel Consumption	1.37 kg/h
Electricity Supply	230V 1 phase 50Hz
Connected Load	70W
Minimum Room Volume	145m ³
Running Time (approx.)	6h
Fuel Tank Capacity	13L
Weight	13kg
Dimensions L x W x H	550 x 340 x 570mm

Manufactured in Korea to Spitwater Australia's specifications and quality standard.

Not suitable for domestic use and when in use, adequate fresh air ventilation must be provided. Actual products may differ slightly in appearance to images shown. The manufacturer reserves the right to modify design features and technical data without notice.
